633MB3

AGRICULTURAL SOLUTIONS: SINGLE & MULTI PRODUCT DISPENSING

The DEMA MiniMix is the next generation of our 633MB3, one of our most trusted chemical dispensers, with decades of reliability. The MiniMix's modular design lets you easily couple together any number of stations to create a system that meets your needs.

This dispenser's compact and modular design allows for quick installation and fast maintenance when needed. With push-button activation and an optional lock-on feature for longer fill times, the MiniMix reduces training time compared to other dilution control dispensers.

Features & Benefits

- Durable plastic housing
- Compact size makes for easy installation
- Water inlet easily switches from left or right side
- Utilizes garden hose fittings on the inlet and outlet for easy installation
- Utilizes our chemical-resistant Poly Rocket Injector
- Wall mounting bracket included for straightforward installation that doesn't require removing the dispenser cover
